

**VACANCY ANNOUNCEMENT**  
**EDITOR OF THE EUROPEAN REVIEW OF AGRICULTURAL ECONOMICS (ERAE)**  
**STARTING SEPTEMBER 2025**

The European Agricultural and Applied Economics Publications Foundation, (EAAEP Foundation), is seeking to appoint a new Editor for the *European Review of Agricultural Economics* (thereafter: *ERAE* or the *Review*) for the period beginning September 2025 (or as soon as possible thereafter). The new appointment is to replace Céline Nauges who will step down end of August. Candidates should have a strong research record in the discipline and proven reviewing expertise. Experience as a member of the Editorial Board of a scientific journal is an advantage. A stimulating vision regarding the position and development of the *ERAE* should accompany these scholarly requirements. The ability to work in a team and to manage deadlines effectively is also required. We encourage applicants from all fields of inquiry, and will seek to maintain a balance in coverage across topic-areas of interest to all EAAEP members.

*Profile of the ERAE*

The *ERAE* is a scientific journal that publishes peer-reviewed research papers. Currently the journal publishes 5 issues per year. It strives for a balanced coverage of economic issues within the broad subject matter of agricultural and food production, consumption and trade, rural development, and resource use and conservation. The *ERAE* is international in its readership, coverage, and published authors. The current Impact Factor is 3.3 and the 5-year Impact Factor is 3.9 (see: <http://erae.oxfordjournals.org/>).

*Ownership and legally defined parameters*

The EAAEP Foundation, which is the publication committee of the European Association of Agricultural Economists (<http://www.eaae.org/>) owns the *Review*. The *ERAE* operates with four editors. The normal term for an Editor is 4 years, which can be extended to a total of 6 years.
